Voldie Baby

Chapter 1 of 1

As sung to the tune of "Santa Baby". This is sooo wrong. (Previously posted to the Mob of Irate Torch Wielding Fans.)

Author's Note: I'm honestly not sure whether or not to put this into the "Horror" category for genre/warning. I mean, it horrifies me, so that should count...right? Anyway, if you want to know more about why this song was made, just drop by the Mob of Irate Torch-Wielding Fans (groups.yahoo.com/group/MoITWF ...and you HAVE to be 18+ in age) and ask around; someone will point you to the collated posts that involved the backstory.

Oh, and this is so, sooo wrong... Enjoy! ~Lotm

Voldie, Baby

Just Morsmordre the Dark Mark for me

To see

So I can be a-summoned for thee,

Voldie--!

Avada a Kedavra tonight

Voldie, Baby

I'm so glad you hate Muggleborns,

Your scorns

Get me higher than reading porns

Voldie baby—

Avada a Kedavra tonight

Think of the fun you'd've missed

If you'd been sweeter, not pissed!

But Rictumsemptra's giggles

Just gives my stomach colly-wiggles...

Voldie, Baby

I'm sorry that they took your prezzie.

Honey

Thought that you should just torture me,

Voldie--

Avada a Kedavra tonight

Voldie, Baby,

Why don't you fall into my sweet arms

My charms

Will ensure that you enjoy all our harms

Voldie Baby,

Avada a Kedavra tonight

Ignore that silly Muggle slut

And crawl out of your snakey rut

Take my offer, drink it down

Laugh so evil, you don't want to frown

Voldie, Baby,

Forgot to mention one little thing,

This fling

Between us isn't easy to sing

So I'll, baby—

Avada your Kedavra toniiiiiiiiight!!
