Where Nobody Knows Your Name

Chapter 1 of 1

A song for Snape, who really needs this after Half-Blood Prince.

Disclaimer: I don't own Severus Snape (pity) or any part of "Cheers" (bigger pity) and I'm making no profit off anything (biggest pity).

To the tune of 'Cheers'.

Being a Death Eater spy today takes everything you've got.

Taking a break from all your worries, sure would help a lot.

Wouldn't you like to get away?

Sometimes you want to go

Where nobody knows your name,

and they're never glad you came.

You just want anonymity,

forget your troubles, dodge the blame.

You wanna go where nobody knows

your name.

You wanna go where people don't know,

your name carries such shame,

You wanna go where nobody knows

your name.

Author's notes: Doesn't Severus need a place to hide? I've offered my home, but he said he's no bloody house-elf or Healer. My first time filking... and, by popular demand, my last. ;-)
