"Ron? What are you doing?"

"I can explain, Luna. I was just..." Ron sighed. "I'm sorry Lavender came over and just wanted to talk."

"So she wound up in our bed??!! No, you knew what you were doing, Ronald, so does she. Get out and take your whore with you."

"But, Luna, I..."

"Out. Now before I call Ginny."

Ron sighed again, grabbed Lavender and left his and Luna's house.

As soon as I heard the door close, I collapsed on our bed and sobbed. That's where my best friend, Ginny, found me three hours later. I had taken my life with my silver Potions dagger. I had slit my wrists. Ginny found this note beside my body.

Dear Ginny,

I knew you would be the one to find me; you always find me after Ronald and I fight. He had that whore, Lavender, in our bed! I kicked him out then sat down to write this letter. I love Ronald more than anything, but I hate the way he treats me. I hate the way he takes advantage of me. I really hate his temper, mostly I hate how I let him walk all over me then take him back every time. Well, no more. I am finally saying goodbye to him.... This is the only way. I'm sorry. Give this song to Ronald please. Love, Luna Weasley

Ron this is for you.

Of all the things I believe in

I just want to get it over with

tears from behind my eyes

but I do not cry

Counting the days that past me by
I've been searching deep down in my soul
Words that I'm hearing are starting to get old
Looks like I'm starting all over again
The last three years were just pretend and I say
Goodbye to you
Goodbye to everything I thought I knew
You were the one I love
The one thing that I tried to hold on to
I still get lost in your eyes
And it seems like I can't live a day without you
Closing my eyes till you chase my thoughts away
To a place where I am blinded by the light but it's not right
Goodbye to you
Goodbye to everything I thought I knew
You were the one I loved
The one thing that I tried to hold on to
Ohhh yeah
It hurts to want everything & nothing at the same time
I want whats yours and I want whats mine
I want you but I'm not giving in this time
Goodbye to you
Goodbye to everything I thought I knew
You were the one I loved
The one thing that I tried to hold on to
The one thing that I tried to hold on to
Goodbye to you
Goodbye to everything I thought I knew
You were the one I loved
The one thing that I tried to hold on to
We the stars fall and I lie awake
Your my shooting star
Love, Your wife

Song is "Goodbye to you" by Michelle Branch.

\*Short background\*

This takes place after my first story "Can't live without you" three years later. Luna and Ron had a small wedding a few months after Hermione died. Luna miscarried their first child a year after the wedding and couldn't have anymore. After that Luna lost her dreamy self and became cooler, she wouldn't see anyone except Ron and Ginny. She started working in *The Quibbler* after the miscarriage, and Ron started to see Lavender.
