Hermione was in a fine snit. "I just don't understand why you'd bother to go all the way to Munich just for beer! You can get beer here in Hogsmeade!"

"This isn't just any beer, my witch," Severus said in an attempt to soothe. "It's special. One can only get Wonderful Wizarding Ale during Oktoberfest."

She eyed him in what some might consider a dangerous fashion. "And you're sure it has nothing to do with beer-maidens, or whatever they're called, prancing around in those tiny skirts?"

"Oh. No, of course not. The serving girls in the Wizarding areas are naked."
