# Don't Joke

*Chapter 1 of 1*

People make me sick sometimes.

She saw your note  
and began to cry.  
How could you do this?  
Give a reason why.  
To take your life  
is no joke at all.  
When she saw your note,  
she saw you fall.  
She began to shake  
and stutter with fear;  
I heard her suffer  
through the phone in my ear.  
You nearly killed her  
with one simple word.  
That was the most disgusting away message  
I have ever heard.
