

Moon Catcher

by The Frustrated Witch

Too late, the moon is already up the sky...

Moon Catcher

Chapter 1 of 1

Too late, the moon is already up the sky...

As I was seated on the floor,
He opened his mouth
And the moon leapt about.
I found myself filled
With inexplicable glee
Then the moon hurdled,
Jumped out to sea
So I ran and ran with
Him beside me.
But the moon had gone
Up the sky.
And so had he.
