The One and Only Chapter

Chapter 1 of 1

a filk to the song I want a hippopotamus for Christmas

I want a Potions master for Christmas
Only a Potions master will do
Don't want a troll
No stupid Gryffindor
I want a Potions master to play with and enjoy
I want a Potions master for Christmas
I don't think Dumbledore would mind do you?
He won't have to use
The powder for the Floo
Just cuff him to my bed
That's the easy thing to do
I can see me now on Christmas morning
Waking in my bed
Oh what joy and what surprise
When I open up my eyes
And see a Potions master cuffed to it
I want a Potions master for Christmas

Only a Potions master will do
No Charms professors
No Magic Creature Carers
I only like Dark Potions masters
And Dark Potions masters like me too
Minerva says that he'd eat me up but then
Who's to say that it's all that bad a thing for me
There's lots of room for him
In my dungeon abode
I'd feed him there and wash him there
And give him his massage
I can see me now on Christmas morning
Waking in my bed
Oh what joy and what surprise when I open up my eyes
And see a Potions master cuffed to it
I want a Potions master for Christmas
Only a Potions master will do
No Charms professors
No Magic Creature Carerses
I only like Dark Potions Masterses
And Dark Potions Masters like me too
