Voldemort the red-eyed serpent

(serpent)

Had a very shiny head

(like a prophecy)

And if you ever saw it

(saw it)

You would probably just end up dead

(like my cell phone)

And because he was so creepy

(creepy)

His followers had to use other names

(like the Dark Lord)

They always begged old Voldy

(Voldy)

To join them in their Death Eater Games

(like death and destruction)

Then one foggy Hallows Eve

Harry came to say

"Voldemort with your so skin so pale

I'm here to send you straight to hell."

The Order of the Phoenix rallied

(rallied)

How they shouted out with glee

(You did it!)

"Harry, the Boy Who Lived

(lived)

You'll go down in history!"

(like Dumbledore)

A/N: In the part, "You'd probably just end up dead," I was going to use the name of someone he had killed, but it seemed a little morbid for this parody. And I know this is a little short, but there's only so much you can do with Rudolph the Red-nosed Reindeer. ~potterbrat~
