Voldy the Red Eyed Wizard

Chapter 1 of 1

A parody about Voldemort.

*You know Avery and Goyle
Bellatrix and Severus
Crabbe and Dolohov
Greyback and Lucius.
But do you recall
The most evil wizard of all?
Voldy the red eyed wizard
resembled a human snake.
Everywhere he went he left
bodies lying in his wake.
All of his loyal servants
worshipped the ground he walked.
And they always praised him
When he killed those he stalked.
Then one fateful day in June
Potter came to say,*

"Voldy with your red eyed glare

You are going to die today."

Then how his followers scattered.

As they shouted out with dread,

"Potter is victorious,

The Dark Lord now is dead!"
