Snapey the Sex-God

Chapter 1 of 1

Heh. Thumpetty, thump thump thump. "Frosty the Snowman" was running through my head and this trainwreck happened...

This is a filk to Frosty the Snowman.

Snapey the Sex-god was a snappy, snarky soul

With a cock that's hot and a Roman nose

And two eyes as black as coal.

Snapey the Sex-god's in a horny way, they say

Rowling wrote a git, but the fangirls

Bit and that's how he came to life one day!

There must have been some magic

In that Sorting Hat it's said

For when he went to Slytherin

He began to hop the beds

O, Snapey the Sex-god

Was erect as he could be

And the fangirls say he could fuck away

Just as good as any three.

Thumpetty, thump, thump, thump
Thumpetty, thump, thump, thump
Hear those bedsprings crash
Thumpetty, thump, thump, thump
Thumpetty, thump, thump, thump
As the head board takes a bash.
Snapey the Sex-god knows
There's fangirls on his tail
So he said, "Hey, babe
"Ya wanna get laid?"
and off to bed they sail
Down to ol' Hogsmeade
With a black wand in his hand
Running here and there
All girls best beware
He'll bop you if he can.
Thumpetty, thump, thump, thump
Thumpetty, thump, thump, thump
See him in the hay
Thumpetty, thump, thump, thump
Thumpetty, thump, thump, thump
Shags every girl his way
