

# Everything is Better

*by i lust snape*

This poem is about knowing someone does care about you and is there for you.

*Chapter 1 of 1*

This poem is about knowing someone does care about you and is there for you.

From the tears I cry  
And feeling all alone  
And no one wanting  
Anything to do with me  
But when I see your face  
Hearing you say 'I love you'  
Makes me feel wanted  
That feeling of feeling alone  
Disappears  
The tears stop  
Just seeing your face  
And seeing how much you love me  
Makes everything better  
I'll hold onto you forever
