"I can hardly believe it."

"No one could have imagined."

"It's most improper."

"Every evening, as soon as dinner in the Great Hall is over, they slip out of the castle."

"And meet at the back door of the Three Broomsticks. Rosmerta has had a room painted in black and specially insulated for them."

"Granger and Snape. Incredible."

"She must have bewitched him."

"Or he ensnared her."

"It's more of a Muggle addiction."

"None of that sugarcoating. It's a vice."

"All night long, dead to the world and lost in their wicked games."

"Video games, dear."

"Whatever. It's a shame."
