One-shot Story

Chapter 1 of 1

Hermione finds Ron in bed with someone she never would have expected.

A/N: I would love to thank my beta who truly has been of great help to me.

"What the HELL is going on?" Hermione had just walked into the bedroom that she and Ron shared to find him in bed with someone she had never expected to find there.

"Hermione, I can explain," Ron stuttered at her.

"I'm not sure I want to hear your explanation, Ronald Weasley! How long has this been going on? You better start talking, mister. I can't believe this. And you!" She now had her eyes on Luna. "I thought you were my friend! How could you do this to me?"

"Now, Hermione, I think we all need to sit down and talk about this," Luna said in her sing-song voice. "There is a perfectly good explanation for what is going on here."

"Oh, what is it, Luna? The Crumple-Horned Snorkack made you do it, right? This is unbelievable. My husband in bed with Loony Lovegood. I must be dreaming." She pinched herself. She was definitely awake.

"Let's go into the living room and talk about this," Ron suggested.

She left the room first. The thing she didn't notice was that both of them were fully dressed. "Thank Merlin she always comes in through the kitchen," Ron told Luna. "I knew this was going to work."

Just as she opened the door to the living room, the lights popped on as everyone yelled, "Surprise!"

Ron quickly followed her inside. "And you said I would never be able to surprise you for your birthday."

Prompt 1: Hermione and Ron are married. What would she do if she came home unexpectedly and found him in bed with another woman
